

Waterless Trap Seal for Floor Drains

Product Specifications

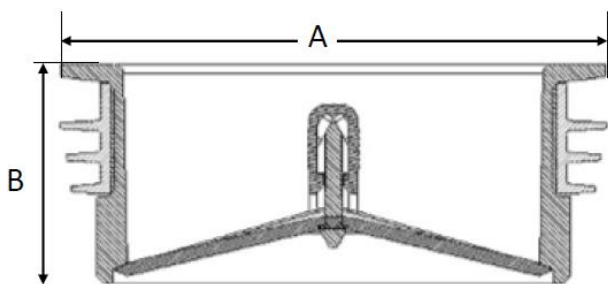

Product Features:

- Mitigates trap seal loss due to evaporation
- Prevents harmful sewer gases from entering building.
- Protects against entry of vermin into habitable spaces
- Sealing rings on the outer edge will keep device in place for the life of the product while the inner flaps will open when liquids pour down the drain.
- Series of inline trap seals including 2", 3", 3.5" and 4"
- Rated for grease-laden waste applications
- ASSE 1072 rated AF-GW

Installation Notes:

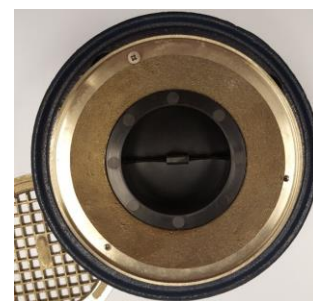

- This barrier type floor drain trap seal protection device is not for use as a primary trap seal.
- This product should not be removed from the packaging until it is to be installed.
- Installation should be conducted in accordance with all local codes
- Waterless trap seal device shall not be used in lieu of a trap primer.
