Troubleshooting / Dépannage

If you've followed the instructions carefully and your faucet still does not work properly, take these corrective steps.

Si vous avez suivi attentivement les instructions et que votre robinet ne fonctionne toujours pas correctement, apporter les correctifs suivants.

Problem / Problème / Problema	Cause / Cause / Causa	Action / Correctif / Solución
Leaks underneath handle. Fuites sous la poignée.	Retainer nut has come loose. O-ring is dirty or damaged. L'écrou de fixation s'est desserré. Le joint torique est sale ou endommagé	Tighten the retainer nut. Clean or replace O-ring. Serrer l'écrou de fixation. Nettoyer ou remplacer le joint torique.
Leaks from the hose under the deck. Fuites du tuyau observées sous la plaque.	Hose and spray head connection may be loose. Le raccord du tuyau à la tête de vaporisation peut être desserré.	Tighten the connection between the spray head and hose. Serrez le raccord entre la tête de vaporisation et le tuyau.
Hose does not retract. Le tuyau ne s'escamote pas.	Weight is not installed in the appropriate position. Le poids n'est pas dans la position Correcte.	Reinstall weight (step 8). Installez à nouveau le poids (étape 8).
